## Seen & Heard Around Murray

Our apologies to George Halloran, Jr. In a story this week about the dental posters, we said he was in the Fourth grade. He is in the Fifth grade.

We bring to the attention of the UDC that two of the cannon balls on the statue in the courtyard have fallen off on the ground. Apparently the recent ice storm noticed them off, because we prized them on the ground the day after the storm.

Ray Munday is fixing up the front of the Murray Machine and Tool Company. That will make our end of North Fourth look better.

Notice where Chuck King has been purchased by the Milwaukee club.

Heavy rains have pulled the street from beneath the end of the sidewalk at the W. Z. Carter School.

A hard working young fellow is Harold Beamon, who holds down a desk at the Murray Insurance Agency.

Z. Enix proud as a peacock of new business location at Stella. He has a big building with plenty of room to do what he wants. He has some nice plans for the future.

We have a small dog, part Chihuahua and part terrier of some kind who does not like the cold at all. He has licked the problem by listening for the electric heaters to turn on. When one clicks on, he stands in front of it and soaks in the heat. He moves to warmer climes when it cuts off.

The big fine oaks on Olive Street just west of Ninth, have been trimmed. The branches reached out over Olive almost all the way across the street. They needed trimming all right, but they were pretty the way they were.

If you want a little puppy just call by 1629 Farmer Avenue. This pup is brown and white and would make a nice pet for some boy or girl. It's free.

## Calloway Has Only 39.2% Polio Shots

R. L. Cooper, Administrator of Calloway County Health Department, announced today that 39.2% of population under 20 years of age had received their first polio injection. This percentage rate is below the state average which is 45.7%.

Mr. Cooper also pointed out that 2nd and 3rd injections lag far behind the first injection rate. Parents are warned not to neglect this important matter and risk their child becoming a polio victim.

Now is the time to have your children immunized so that immunity will be built up before polio season this year. Parents are urged to contact their family physician or the health department for further information.

## Weather Report

Southwest Kentucky — Partly cloudy today, fair and colder tonight. Friday partly cloudy, warmer by afternoon. High today 55, low tonight 35. Some 5:30 a. m. temperatures: Covington 41, Paducah 40, Bowling Green 44, Lexington 36, London 40, Hopkinsville 44 and Louisville 37.

## Free Soil Tests To Be Given For Hazel Area Farmers

The adult farmer class of Hazel High School in cooperation with the Ellis Popcorn Company of Murray, is making available to the farmers in the community, free soil tests to determine the needs of plant food for the crops to be grown this year. In the past, thousands of dollars have been spent unwisely for fertilizer as far as getting the greatest possible returns per dollar invested. The only way to prevent this is to have the soil tested to determine the plant food needs, and then buy only what is needed.

Monday night, Feb. 18 at 7:00 o'clock, Ben Williams and Frank Guillette of Memphis, will show a movie on using the proper amounts of fertilizer for the greatest returns, to the adult farmer class at Hazel High School. The use of anhydrous ammonia for increasing yields will also be discussed.

Another feature of the program will be the distribution of soil sample bags for getting soil samples for testing. As a result of this test a farmer will know the organic matter content of the soil as well as the supply of lime, phosphate and potash. With this information a farmer will know how much fertilizer he should apply and take the guess work out of it.

The soil will be tested by the United States Testing Company of Memphis, Tenn., and will be free. This program is in cooperation with the Ellis Popcorn Company of Murray.

Carmon Parks, agriculture teacher at Hazel High School, invites all farmers who are interested in free soil tests to attend the meeting at the school house Monday night, February 18.

## Watershed Laws Subject Of Discussion

By VANDAL WRATHER

Watershed Conservancy District Laws and Watershed Programs will be the subject of the meeting of the Calloway County Agricultural Council, Thursday evening, February 14th according to Charles L. Eldridge, president of the Council.

Marshall Qualls of Kentucky Soil and Water Resource, and Norman Terry, Soil Conservation Service, are to be the speakers.

Calloway County Soil Conservation District Supervisors will have 18 guests at this meeting, says Rudy Hendon, Chairman of Board and member of Agricultural Council.

On Monday, February 11, Soil Conservation District Supervisors from Calloway, Marshall, Graves and McCracken counties met in Benton to work out plans for holding a referendum on Creation of Watershed Conservancy District for West forks of Clarke River and East forks of Clarke River.

The referendum will be held March 16.

The following people from Calloway County attended the Benton meeting: Marvin Hill, Rudy Hendon, Herbert Perry, Pierce McDougal, William Adams, Charles B. Starks, James Stockdale, John R. Innes, Cecil Taylor, Frank Hill, Hattie Garner, Loyd Collier, Wayne Williams and Vandal Wrather.

## Auto Accident Heard Today

Circuit Court resumed this morning to hear a two-year old automobile suit between Harry Sled, plaintiff, and Arthur Ferguson, defendant and counter plaintiff.

Two cases held yesterday were continued to the next term of court. They were Quertnerous vs. Garrett and Lassiter vs. Turner.

The Sled-Ferguson suit is a result of an automobile accident which occurred in April 1955.

## Farmers Here To Receive \$42,000

Over \$42,000 in acreage reserve allotments will be paid by the ASC to 328 county farmers who signed applications for dark fired tobacco and cotton Tuesday, which was opening day. All but 58 signed for tobacco, amounting to 281.45 acres for a sum of \$38,473.84. The deadline for dark fired is March 1.

The cotton growers totaled 81.6 acres which will bring them \$4,042.50 in allotments. March 1 is the deadline for the cotton producers to present applications.

The ASC has a balance of \$20,952.16 in allotments for tobacco growers and \$857.50 for cotton.

## Waterfield Tries To Smooth Over Relationship

LOUISVILLE — Lt. Gov. Harry Lee Waterfield Wednesday attempted again to smooth relations between the state administration—and the regular Democratic organization here.

Waterfield, addressing the Young Democratic Club of Jefferson County, said personalities and prejudices must not be allowed to block the progress of Kentucky.

He said Gov. A. B. Chandler's administration refrained from "taking" Louisville precinct elections last December although it could have done so with ease.

"We wouldn't have a thing we don't have now," he wouldn't have any more friends than we do now," he added. The precinct elections were won by the regular Democratic organization which has remained loyal to the Democratic faction headed by former Sen. Earle C. Clements and former Gov. Lawrence W. Wetherby.

"We're prepared at any time anybody wants to talk to sit down and be reasonable—we're ready to talk, but nobody seems to want to talk."

## Valentine Dance Set For Teen Town

A Valentine dance will be held at the Murray Woman's Club for teenagers on Saturday night from 8:30 to 11:30. The dance will be for all Calloway County teenagers who are members of the Teen Town or who wish to become a member.

Admission will be 50¢ for those who bring a date or 35¢ for the individual boy or girl. The dance will be semi-formal and will be chaperoned by members of the Murray Woman's Club.

## Deadline For Tax Listing February 28

The deadline for listing 1956-57 taxes is February 28, advises Robert Young, County Tax Commissioner. Young urges tax payers to list their taxes as soon as possible to avoid 10% penalty on intangible property omitted.

## Must Preserve Acreage Reserve History, ASC

Farmers not raising crops in 1957 must file a form at the county ASC office to preserve their acreage reserve history, according to Lowell Palmer of that office.

The deadline for filing a request on various commodities is corn, Aug. 1; cotton, June 1; rice, June 1; peanuts, June 1; tobacco (flue cured), May 1; other tobacco, Aug. 1; wheat, May 1.

## James Blalock To Be Candidate

James Blalock announced today that he had filed for the office of Circuit Court Clerk and that his formal announcement would appear at a later date.

Blalock is employed at the J. H. Churchill Funeral Home.

## Medical Association To Promote Salk Vaccine Shots

LOUISVILLE, Feb. 14 — The advisory committee on public health of the Kentucky State Medical Association announced Wednesday that the KSCMA will conduct an intensive campaign to promote anti-polio inoculations.

The KSCMA campaign-utilizing publicity releases and special appeals — will get underway March 15.

Physicians attending Wednesday's committee meeting said county medical societies and health agencies would "work out the inoculation methods they think best."

The committee evaded the question of using mass clinics for giving the vaccine. Several physicians attending the meeting preferred the mass inoculation plan which is now underway in many state counties.

The KSCMA is beginning its campaign next month so that as many persons as possible will have at least two shots of Salk vaccine by the time the summer polio season begins.

The association urged all Kentuckians under 40 years old to have polio shots if not already protected.

A formal statement said Salk vaccine gives "major protection"

against paralytic polio, provided the entire series of three shots is given.

"The Salk vaccine has been demonstrated to be safe," the statement added, "and it is available."

Dr. C. C. Howard, Glasgow, chairman of the KSCMA public health committee, said he favored adoption of a state law requiring polio immunization, as well as required shots for typhoid, whooping cough, diphtheria and tetanus.

Sarah Slice, director of public health education for the state Department of Health, said there have been only two reported cases of polio in Kentucky thus far this year.

The Department of Health now is conducting school clinics in 95 counties where the ratio of polio inoculations had been lowest.

Health officials estimate that 60 per cent of children under 20 in Kentucky have received at least one Salk injection. The percentage is higher in urban areas.

High schools have promoted the shots program with special programs and plays urging vaccinations. The program in many communities has been supported by women's clubs, merchants associations and the Junior Chamber of Commerce.

Franklin County currently has the best record of inoculations with 92.8 of the total population under 20 having had at least one injection.

The Health Department is intensifying its campaign in all areas to have most inoculations completed before the end of the current school term.

Eleven beauticians and beauty students went to the hospital Tuesday afternoon and did manicures, scalp treatments, facials, hair brushing and arranging for ten patients.

In Mr. Warming's letter, he said the visit by the beauticians was greatly appreciated and that it had certainly boosted the morale of the patients. He said he regretted the patients could not enjoy their services more than once a year. He said it was a very kind and generous thing for the beauty association to do.

The work was done by the following ladies and the shops they represent: Mrs. Eloise King of the Charm Beauty Shop which is owned and operated by Mrs. King and Mrs. Edith Sled; Mrs. Jerry Hopkins of Jerry's Beauty Shop; Judy Adams and Kathryn Lax of Judy's Beauty Shop; Agnes Fair of Agnes' Beauty Shop; Robbie Outland of Robbie's Beauty Shop and the following five students from the Exell School of Beauty Culture: Glenda McAt, Linda Thornton, Wanda Chumblor, Virginia Calhoun and Margie Eldridge.

POINTING a warning finger, Cuba's UN Ambassador Dr. Emilio Nunez-Portuondo calls on the 80-nation UN political committee in New York to shelve action on the Algerian dispute. Dr. Portuondo charged that "Algerian, French and Russian Communists" are attempting to deliver Algeria to the "perpetual and ferocious" domination of Moscow. Cuba is sponsor of the Latin American resolution, backed by the U. S., to defer action. (International)

## Maupin Held To Grand Jury On Charge

A preliminary hearing was held on Monday February 4 in Princeton, West Virginia in connection with the murder of Mrs. Mary Jo Maupin, 26. Mrs. Maupin was found dead in her apartment in Princeton last December 1.

Mrs. Maupin's former husband William Frank Maupin, a native of Murray, Kentucky, has been held in the Rockingham County Jail since that time. He was charged with the murder of his ex-wife although the autopsy which was performed failed to show the reason for death. The coroner, however, said he did not believe the woman died of natural causes. Maupin submitted to a lie detector test which proved inconclusive.

J. C. Maupin of Murray, brother of William, is Maupin's attorney. (Continued on Page Four)

## "Recording" Causes Work For Housewives

NEW YORK, Feb. 14 — Housewives in suburban Great Neck quitfully obeyed during the past week when they answered their telephones and were told: "This is a recording... your water will be turned off for 15 minutes... fill up your bathtub, your sink and all receptacles that hold water."

And, as often as not, they have later helped jam the Citizens Water Supply Company's telephone switchboard, now overflowing with demands for an explanation.

R. M. Grieve, vice president of the company, has asked Nassau County Police to help in the emergency.

He wants them to find the person who is making the "recorded" calls and causing the housewives a lot of back-breaking tub and bucket filling and the water supply company a great deal of embarrassment explaining about how water service is as normal as ever and no shutoffs are planned now or in the near future.

Murray enjoyed a 25 point lead at one stage of the contest but saw the margin dwindle to four points in the latter part of the game as the Raiders fought back with a second half rally sparked by the precision shooting of Ted York who tallied 22 points in the second half to take scoring honors for the Raiders.

Gerald Tabor and Terry Darnell spearheaded Murray's offensive attack with 22 and 21 points respectively.

It was the Thoroughbred's tenth victory of the season against 11 losses.

Murray State (86) Forwards: Tabor 22, Terry Darnell 21, Wray, Waggoner 2, Watrous 5.

Center: Sullivan 8. Guards: Marginet 13, Brooks 8, Tom Darnell 7.

THURSDAY — FEBRUARY 14, 1957

### 10 Years Ago This Week

Ledger and Times File

Mr. and Mrs. Jimmie Robinson of Memphis, Tenn.,  
spent the week-end with his parents, Mr. and Mrs. J. T.  
Robinson.

Last rites were conducted Friday, February 7, near  
Dexter for Sandra Washer, four and one-half months  
old daughter of Mr. and Mrs. Robert T. Washer, Dexter.  
Death followed an illness of three days.

The Presbyterian Church of Murray was organized  
November 1, 1931, and in the First Christian Church  
by the courtesy of that organization. There were 19  
charter members.

Featuring a contest to determine the largest ears of  
corn raised in this section last year, Calloway farmers  
assembled on Wednesday, January 29, for a special hy-  
brid corn meeting arranged by Southern States Coopera-  
tive and Calloway County Soil Association, the coopera-  
tive's agency in Murray.

Winners in the contest were Huron Redden, Murray,  
who was awarded a half bushel of hybrid seed corn as  
first prize and Ernest Underwood, Murray, second place.

Murray State's Thoroughbreds gave up a 54-47 victory  
to the classy Hilltoppers of Western here Saturday  
night, but not before the Toppers were forced to bring  
out the best of their "Madison Square" treachery.

Above, Michael Pate, Kathryn Grant and Guy Mad-  
ison in a scene from "REPRISAL," which is playing  
along with Dean Martin and Jerry Lewis in "SAIL-  
OR BEWARE," at the Varsity Theatre starting to-  
morrow.

## Joe Brown Holds On To Crown, T K O In Eleventh

By CHARLES TAYLOR  
United Press Sports Writer

MIAMI BEACH, Fla. — Jubilant  
Joe Brown, fresh from a TKO  
victory in his first defense of the  
lightweight crown, aimed at some  
"fast, big money" today in a  
May title bout with southpaw  
Kenny Lane.

Brown received \$15,000 for  
striking ex-champ Wallace Bud  
Smith in the 11th round — their  
return title fight Wednesday  
night at the Miami Beach Auditorium.  
It was the first purse for junkie  
Joe of New Orleans since he stopped Smith's  
winning the 125-pound crown from a cut inside his mouth, and  
Smith of East Orange, N.J., last claimed to have been unable to  
fight Aug. 24. And although it was a victory from his left eye  
the largest of his career, he said, after a blow in the fourth round.  
"That's peanuts compared to what I'll make now," said Smith. Brown's 1947, suffered his fifth  
out of the way and no doubt straight defeat and his third con-

secutive loss to champion Joey  
Smith lost title on a split  
decision to Brown at New Or-  
leans last August, after having  
been out-pointed by Brown in a  
non-title 15-round, three months earlier.

Brown fractured his right wrist  
in the second round at New Or-  
leans. But the injury was a good  
shape Wednesday night as he  
did a fast-stepping weave from  
side to side, avoiding awkward  
stances, attempted rushes, and  
sharp-shooting at him with long  
left jabs and straight rights.  
Smith's zig appeared to be  
"gone." At 27 he no longer was  
able to step in with his old  
crushey against a fast-moving  
opponent.

Brown was winning in such  
lopsided fashion when the bout  
was stopped that only one of the  
three ring officials credited Smith  
with a single round. The voting  
on a 10-round must basis, at the  
end of the 10th was 100-91, 99-  
92, 100-91. Smith landed a few  
good left hooks in the fourth and  
eighth rounds.

However, Bud's attack general-  
ly was so pathetic and Brown's  
effective footwork was so success-  
ful that it was a dull bout, and  
the fans were yelling for action  
after the fifth round.

### SORRY, WRONG NUMBER

COLUMBUS, Pa. — Columbus  
police finally got 34 telephone  
number that was easy to re-  
member. Capital 1-1111. Today  
they changed it to Capital 1-1166  
because they found children play-  
ing with phones always dialed  
the simple number, CA 1-1111.

## Chet The Jet Jumps Into Lead Over Stilt

By JOHN GRIFFIN  
United Press Sports Writer

A record-setting 44-point effort  
displaced Chet (the Jet) Force,  
the champion of the little map  
back into the national class-  
room scoring spot today ahead  
of seven-foot, 175-pound Stilt  
Carson.

Five-nine Fyrie of Columbia  
needed a whopping 42 points in  
Wednesday night's tussle with  
Pennsylvania and he did it with  
three free throws per game in a  
93-75 triumph, smashing three  
scoring records and tying the  
Ivy League single-game record.  
With 512 points in 17 games,  
the Little Lion now boasts an  
average of 30.2 points against  
29-94 for Chamberlain of Kansas  
and 29-90 for six-five Grady  
Wallace of South Carolina.

Tourney Hopes Rise  
Force's feat helped keep alive  
Columbia's hopes of an NCAA  
tournament berth through overtak-  
ing Yale in the Ivy League or  
through a member-at-large berth.  
The "David vs. Goliath"  
scoring battle once again over-

shadowed another of North Caro-  
lina's close brushes with dis-  
aster. The nation's No. 1 team  
and only major basketball team  
managed to push its record to  
20-0 but only by an eyelash  
win a 22-20 win at home over  
Wake Forest.

It was the fourth straight  
"squeaky" for the Tar Heels  
and the fourth straight game  
in which chunky Tommy Kearns  
saved the bacon. Wake Forest,  
ranked 14th nationally, had rally-  
ed from an 11-point deficit  
to trail by only 66-67 with 54  
seconds left when the five-11  
Tar Heel junior from Bergen-  
field, N. J., took charge. His  
two free throws with 43 seconds  
left boosted the edge to 70-67.  
After Carolina added a free  
throw and Wake Forest a basket,  
Kearns dribbled for 13 seconds  
before being fouled and added  
the final point with just one  
second to go.

Canisius Upset Victim  
Bradley, the nation's No. 5  
team, gained a tie with Wichita  
for first place in the three-  
cornered Missouri Valley race  
by whipping St. Louis' zone  
defense, 76-70. Jack Mumlitz of  
St. Louis took scoring honors  
with 20 points, but his team  
dropped to a 7-2 mark while  
Bradley moved up with Wichita  
at 7-1.

Seton Hall scored the biggest  
upset, 102-87, over 11th-ranked  
Canisius as speedy Dick Gaines  
hit for 34 points. Eighth-ranked  
Louisville scored 40 points in  
the first 12 minutes and cruised  
to a 99-79 win over Marquette  
despite Mike Moran's 29 points.

A slim schedule tonight fea-  
tures a tourney-hopeful Utah in  
a key Skyline Conference game  
against Montana, 19th-ranked  
Dayton at home against Regis  
and a Madison Square Garden  
win bill with Niagara-St. John's  
(N. Y.) and Manhattan-N.Y.

## Dale Long Is Still Holding Up On Signing

PITTSBURGH, Pa. — First base-  
man Dale Long has returned,  
a second unsigned contract to  
the Pittsburgh Pirates, it was  
disclosed today.

Long was reported holding out  
for a salary of \$20,000, a raise  
of \$3,500 over last season. The  
Pirates' second offer was re-  
jected at \$18,000.

Long said he planned to leave  
for the Pirates' training camp  
at Fort Myers, Fla., on the 18th  
but would not go south until  
he has signed a contract.

"I don't expect Dale to be  
a holdout," general manager Joe  
Brown said. "I think I have  
been more than fair with Dale  
in all our negotiations and be-  
lieve the club has gone just as  
far as possible with his contract  
for 1957."

The Pirates squad was down to  
40 as the result of the sale  
of left-handed pitcher Fred Waters  
to the Pirates' Hollywood  
farm club in the Pacific Coast  
League.

Waters, 29, of Hattiesburg,  
Miss., still will train with the  
Pirates this spring. Last season,  
he had a 2-2 record with the  
Pirates and a 4-3 card with  
Los Angeles.

The Pirates roster included  
two players reinstated from the  
national defense service last. They  
are infielder Paul Smith and  
outfielder Alvin Griggs.

## Stengel Back At Old Stand Now

By UNITED PRESS

Casey Stengel was back at  
the old stand today, leading  
Yankee ball players on the field  
and not the least bit concerned  
that four of his top pitchers  
are talking at salary terms.

Stengel officially opened his  
Yankee's rookie school at St.  
Petersburg, Fla., and the variety  
batteries are due to report  
there to him in less than two  
weeks.

Right now, though, Don (Per-  
fect Game) Larsen, John (The  
Kicks) Tommy Byrne and Tig  
Sturdivant are among the 17  
Yankee players who are un-  
signed.

The Yankees raised their sig-  
naling total to 24 when they an-  
nounced the receipt of contracts  
from outfielders Norm Siebern  
and Bob Martyn, both candidates  
for the left field job.

Vic Werz, who came back  
from a pitch attack to lead the  
Indians in slugging last year  
with 32 homers and 106 runs  
batted in, signed his contract  
for an estimated \$2,000.

Second baseman Nellie Fox  
who batted .296 with the White  
Sox in 1956, agreed to terms  
after receiving a slight raise  
over his last year's salary.

Outfielder Gale Wade was the  
22nd member of the Come to  
agree to terms, while the Red  
Sox announced the signing of  
shortstop Mill Bolling and pitch-  
er Russ Kemmerer.

Pitchers Sam Rice and  
Don Nurray accepted terms with  
the Phillies, making a total of  
26 players they have signed,  
while the Tigers announced the  
signing of catcher J. W. Porter.

Only rookie Curtis Barclay  
remains unsigned with the Giants,  
they announced, following the  
receipt of signed contracts from  
infielders Daryl Spencer and Fos-  
ter Castleman and pitcher Jim  
Conley.

Pitcher Mike Fornieles became  
the 30th member of the Orange  
sign his contract.

### A STAR IS BORN

MILAN, Italy — Mario  
Giamatti, a 35-year-old carpenter,  
was in jail today because he  
started in a movie "Giuseppe  
Mazzini, 22, and with a movie  
script to "fill" out with "steal-  
ing sausage" from his father's  
plan. He filmed a scene, which  
included a "sack being  
tossed over the plant wall fol-  
lowed by Giamatti carrying another  
sack" for his shoulder. Plant  
guards arrested Giamatti at the  
end of the picture.

### NAB 4 IN \$118,000 GEM THEFT

Alphonse Green, 38 William Rogers, 35 Robert McCafferty Armand Cohen, 28

THESE FOUR MEN are under FBI arrest in connection with theft of a \$118,000 diamond shipment from a plane which was being serviced at Chicago's Midway airport last Dec. 11. Of the gems stolen, about \$110,000 were recovered (shown above). The plane was en route from Los Angeles to New York. (International)

### Chou Gives Up On Deal With U.S.

By CHARLES M. McCANN  
United Press Staff Correspondent  
Chinese Communist Premier Chou En-lai apparently has given up hope that he might make some sort of diplomatic deal with the United States. Several times in recent weeks that he believed the Eisenhower administration might be induced to open negotiations that would lead toward recognition of his Peking regime.

But at a press conference in Colombo, Ceylon, Tuesday Chou spoke with some bitterness of continued American "hostility." Commenting on statements by President Eisenhower that the imprisonment of 10 American civilians in China was an obstacle to better relations Chou said:

"Why should we always listen to the words of the President of the United States?"

A Decided Change  
This was a decided change from several statements Chou has made during his long tour of East Asia, which is just now coming to an end.

He has said that the time had come to establish better Chinese-American relations and has offered to meet Secretary of State John Foster Dulles. He has said that the Red Chinese might release the American civilians they hold without imposing any conditions.

But Chou now has returned to the demand that, as a price for the Americans, the United States must send back to Red China 33 Chinese who, he alleges, are "illegally" held. Actually, it is a fact that none of these Chinese want to go to Communist China. There are 23 of them, not 33. All are serving prison terms for common crimes. All were offered repatriation to China. Twenty-one said they would rather stay in jail. Two said they would like to go to Formosa, seat of the Chinese Nationalist government.

### Number Of Damage Claims Grow

NEW YORK — The number of registered automobile operators in the United States is growing about as fast as the population.

Universal C.I.T. Credit Corporation, the nation's largest independent automobile finance company, points out that both the regular population and the driving population is increasing at the rate of about 2,000,500 a year.

By 1965, the company reported, about half of the people in the country will be licensed to drive a car. Registered drivers will total about 95,000,000 as compared with a total population of about 190,000,000.

The number of licensed drivers now is about 75,000,000 the company said. It attributed the expected rapid gain to the increasing number of two-car families, in which wives and often teenage children drive, and to the fact that so many more young people are obtaining licenses as soon as they attain the proper age.

ment. They are to be sent there. A New Condition  
Chou now has injected a new condition into the American prisoner situation. Dulles said in Washington Tuesday that the Red Chinese had offered to free the Americans if Dulles would permit American newsmen to visit Communist China. Dulles said he had refused to make such a deal.

Chou's outburst in Ceylon may have been due to a feeling that his big tour of East Asia has not amounted to much. He started out on it in November and returned after a visit to Russia, Poland and Hungary to help the Soviet government to establish a new line of policy toward the Communist satellite countries.

Chou seems to have accomplished little except to make propaganda speeches.

#### NOTICE

A hearing will be held beginning at 9:00 o'clock a.m. Tuesday, February 26, 1957, by the Public Service Commission of Kentucky, at its offices at Frankfort, Kentucky, as to the reasonableness of the following rate schedule (being the same rate schedule now uniformly in effect in all exchange areas wherein it is now furnishing dial service) which the West Kentucky Rural Telephone Cooperative Corporation, Inc., of Mayfield, Kentucky, proposes to extend and place in effect upon completion of construction of telephone systems for which it has heretofore made application to said Commission for certificates of convenience and necessity for authority to construct and operate or upon completion of a portion thereof and the placing of the same in operation:

| Class of Service | 1-party | 2-party | 4-party | Multi-party (a) | Station Extension |
|------------------|---------|---------|---------|-----------------|-------------------|
| Business         | \$3.00  | \$2.25  | \$1.50  | \$7.00          | \$8.00 (b)        |
| Residential      | 4.50    | 4.00    | 3.50    | 3.75            | 1.00              |
| Mileage (c)      | .70     | .40     | .25     |                 |                   |

(a) Flat-rate for operating area.  
(b) Guarantee basis.  
(c) Per 1/4 mile or fraction thereof.

Application to the Commission for approval of the extension of said rate schedule is being made for all telephone services proposed to be rendered by the undersigned in portions of Calloway, Graves, and Marshall Counties, Kentucky (including but not limited to the towns of Lynn Grove, Harris Grove, Kirksey, Hardin, and Pilot Oak, and surrounding areas and to the West Plains-Clear Springs area) as shown on maps thereof heretofore filed with said Commission.

WEST KENTUCKY RURAL TELEPHONE COOPERATIVE CORPORATION, Inc.

### Study Elimination Of Dwarf Cattle

COLUMBIA, Mo. — Dwarf cattle soon may be eliminated from purebred breeding herds as a result of a comparatively simple and inexpensive test developed at the University of Missouri.

Since dwarfism is hereditary, the only practical control is by breeding animals that do not carry the dwarf gene. Research workers, headed by Dr. John F.

Lasley, University animal husbandry scientist, said that the big problem is identification of the animals carrying the undesirable strain.

The test involves the use of insulin which produces significant differences when injected into carrier cows, those which have produced dwarf calves; clean cows, which are free of stigma, and dwarf cows. After the insulin is injected into the blood stream, blood samples are taken and the white cells counted.

In the clean animals, the white cell count rises much higher and more rapidly than in carrier animals. In the dwarf, the count increases very little and at a slow rate.

The test, which is tied in with the ability of the pituitary gland to stimulate the adrenal glands, has proved successful in detecting the undesirable animals in the university's breeding herd.

### Jet Aircraft To Get Electronic Computer

CHICAGO — An electronic computer for jet aircraft is being designed by the microelectronics division of the Elgin National Watch Company. Although small in size, it will resemble the larger mechanical "brains."

The instrument will figure such information as air pressure, temperature, speed, and density while the aircraft is in flight. The

knowledge will be transmitted to the aircraft's fuel system, air conditioning unit, fire control and navigation systems as required.

George W. Fraker, general manager of the Elgin division producing the computer said the "precision tolerances involved in the mass production of the instrument are as close as any encountered in watch manufacture."

Total egg production in 1956 was 60.8 billion, compared with 59.4 billion in 1955.

BROUGHT HIS OWN  
NEWARK, N. J. — Army service has changed a lot since Revolutionary War days, Theodore Kappel, 26, learned Monday.

In General Washington's army recruits often supplied their own muskets, but when prospective inductee Kappel was found to be carrying an empty .38 caliber revolver when he lined up for a physical, an Army officer had him arrested on a charge of illegally possessing a dangerous weapon.

### SOCIAL CALENDAR

Thursday, February 14  
The South Murray Homemakers will meet at ten o'clock instead of at three o'clock.

The Supreme Forest Woodmen Circle will hold its regular meeting at the Murray Woman's Club House at seven-thirty o'clock. An inspection will be held and all members are urged to attend.

The South Murray Homemakers Club will meet with Mrs. Perry Cavitt at one-thirty o'clock.

The Woodman Circle Sorority and Jr. Miss Drill Team will have a practice at seven o'clock at the club house. All team members are urged to be present.

The Wesleyan Circle of the First Methodist Church will meet at the church at seven-thirty o'clock.

Friday, February 15  
The New Concord Homemakers Club will meet at the home of Mrs. Noel Smith at one o'clock.

Monday, February 18  
The Penny Homemakers Club will meet at the home of Mrs. Thomas Jones North Seventeenth Street at one o'clock.

The Young Women's Class of the First Baptist Church, Mrs. E. C. Jones, teacher, will meet at the Murray Electric Building at seven-thirty o'clock.

The Alice Waters Circle of the First Methodist Church will meet in the social hall at seven-thirty o'clock. Mrs. Van Valentine and Mrs. Cleo Sykes will be hostesses.

Tuesday, February 19  
Circle No. 2 of the WSSC of the First Methodist Church will meet with Mrs. Lenon Clanton at her home on Vine Street. Mrs. Walter Wilkerson will be co-hostess. Mrs. A. W. Simmons has charge of the program.

Circle 1 meet at the home of Mrs. G. B. Scott on West Main Street at two-thirty o'clock. Program leader will be Mrs. N. P. Hutson.

The Kirksey Homemakers Club will meet at the home of Mrs. Jackie Treas at one-thirty o'clock.

The Christian Women's Fellowship of the First Christian Church will meet at the church at two-thirty o'clock.

Murray Assembly No. 19 Order of the Rainbow for Girls will meet at the Masonic Hall at seven o'clock.

All circles of the WMS of Memorial Baptist Church will

have a mission study and covered dish luncheon at the church at six o'clock.

Wednesday, February 20  
The East Hazel Homemakers Club will meet with Mrs. Leland Alton at one o'clock.

The J. N. Williams chapter of the UDC will meet at the home of Mrs. Luther Robertson at two-thirty o'clock. Mrs. Luther Jackson will be cohostess.

**Sweetheart Dinner**  
**Department Monday**

The Sigma Department of the Murray Woman's Club held a "Sweetheart Dinner" with the husbands of the members as guests on Monday, February 11, at six-thirty o'clock in the evening at the club house.

Robert O. Miller, county attorney, was the guest speaker for the evening. He gave a most interesting and humorous talk on the theme, "Sweethearts."

Special music was presented by Harry Hamsher, minister of music of the First Baptist Church, soloist, accompanied by his wife at the piano. His numbers included love songs.

Mrs. Tip Miller, program chairman, introduced those on program. The chairman of the department, Mrs. A. G. Wilson, presided at the meeting.

The tables were attractively decorated in the St. Valentine's Day motif. The main centerpiece was an arrangement of red roses and white hydrangeas. Roses in wrought iron bud vases were used at vantage points on the tables.

Hostesses for the occasion were Mrs. N. B. Ellis, Mrs. Glen Pace, Mrs. Bonnie Simmons, and Mrs. G. T. Lilly.

**Class Meets With Mrs. Hulon Wyatt**

Mrs. Hulon Wyatt was hostess for the meeting of the Winsome Sunday School Class of the Memorial Baptist Church held on Monday, February 11, at seven-thirty o'clock in the evening at her home at 501 Chestnut Street. The devotion was given by Mrs. Everett Nanny, Mrs. Luther Nance, president, presided at the meeting. Mrs. Claude Miller is the teacher of the class.

During the social hour refreshments were served by the hostess to the members and one visitor, Mrs. Edwards.

**VIOLIN MINUS VIOLIN**  
**HOLLYWOOD** — Miss Violin reported to police today that burglars had stolen his most prized possession — a \$25,000 violin.

### HURT IN MID-AIR PLANE MISHAP

STEWARDESS ESTELLE MONROE of Louisville, Ky., is treated in a Chicago hospital for injuries received when an Eastern Airlines Super-Constellation, which took off from Miami, ran into bad weather south of Indianapolis. The plane took what was described as a "sudden drop" of 200 feet. Three others suffered injuries.

### Morning Circle Has Meet At Home Of Mrs. Verne Kyle

Mrs. Verne Kyle opened her home on North Fourteenth Street for the meeting of the Morning Circle of the Woman's Society of Christian Service of the First Methodist Church held on Tuesday morning, February 12, at nine-thirty o'clock.

The program was presented by Mrs. E. A. Tucker. She gave a discussion on the mission work being carried on in the islands of the South Pacific.

Mrs. J. B. Wilson presided at the meeting and gave the devotion. It was announced that the district meeting of the WSSC will be held at the Murray Church on Friday, February 15.

Refreshments were served by Mrs. E. A. Tucker, Mrs. Nat Ryan Hughes, Mrs. C. C. Lowry, Mrs. H. G. Dunn, Mrs. Hugh Houston, Mrs. Bryan Tolley, Mrs. Paul E. Lyles, Mrs. E. A. Tucker, Mrs. Glenn Duran, and Mrs. Kyle. The visitors were Mrs. Luia Kyle, Mrs. Jack Bailey, and Mrs. Max Flockhart.

### Mrs. Mavis Morris Hostess For Meet

Circle L of the Woman's Missionary Society of the First Baptist Church met in the home of Mrs. Mavis Morris on Olive Street on Tuesday, February 12, at two-thirty o'clock in the afternoon.

Mrs. Jack Kennedy presented the first part of the mission study on the book, "Mission's USA." Mrs. Ragon McDaniel, chairman of the circle, conducted a business meeting.

The hostess, Mrs. Morris, served refreshments to the following: Mrs. Owen Billington, Mrs. Jack Kennedy, Mrs. Noel Melugin, Mrs. R. L. Seaford, and Mrs. Ragon McDaniel.

### In Ship-Shape

LINES AS TRIM as a craft are displayed by Miss Gerry Kendrick, 21, of New York City, who was named "Miss Dreamboat of 1957." She will reign over the fourth annual New Jersey Coast Boat Show at Convention Hall, Asbury Park, February 16 to 24.

### Mrs. Mildred Bell And Buel Stalls Preside At Meet

Murray Star chapter No. 433 Order of the Eastern Star held its regular meeting at the Masonic Hall on Tuesday, February 12, at seven-thirty o'clock in the evening.

Mrs. Mildred Bell, worthy matron, and Buel Stalls, worthy patron, presided at the meeting. The minutes were read by the secretary, Mrs. Belva Dill, and the flag was presented by the marshal, Mrs. Adelle Wilson, an allegiance given.

The worthy matron announced that the school of instruction will be held on Saturday, February 23, at the Clara Henrich chapter in Paducah.

Present officers serving were Mrs. Ruth Williams, associate conductress; Mrs. Nell Robbins, Martha; Mrs. Mildred Holland, Electa.

Visitors at the meeting Tuesday were Mrs. and Mrs. Marshall Bradley, past patron and matron respectively of Cuba chapter, and Mrs. Dorothy Platt, Chapter 130 Big Sandy.

### Stevie Rowland Is Honored At Party On Fifth Birthday

Miss Stevie Rowland, 5, was honored with a party on her fifth birthday on Friday afternoon; February 8, at her parents' home on Murray Route One.

As St. Valentine's day was so near, each child received a heart shaped basket filled with candy. His beautiful birthday cake was decorated with five cowboy candles.

Refreshments were served to David Norsworthy, Vicki Towery, Barry Thomas, Bobby Lockhart, Carolyn Venable, Vicki Jo Brandon, Mike Rowland, Karen Hendon, Graves Burke, Vicki Ragsdale, Allen Cunningham, Barbara, Bobby, and Stevie Rowland, Mesdames Guy Cunningham, Charles Burke, Jack Norworthy, L. J. Hendon, Chester Thomas, Edgar Rowland, Ralph Ragsdale, Robert Lockhart, and Gene Brandon; Miss Agnes Wright, and the hostesses, Mrs. Luther Suggs and Mrs. Clyde Rowland. Miss Denise Rowland was unable to attend but sent a gift.

### Personels

Mr. and Mrs. Max Flockhart left Tuesday for their home in Australia after having been in Murray residing at the Guest House while Mr. Flockhart was on business with the Murray Manufacturing Company.

### Five Girl's House Parties Are Planned

LOUISVILLE — Five Girls' Auxiliary house parties will be held in February and March by the Kentucky Baptist Woman's Missionary Union.

They are scheduled at the following places: Oneida Institute, Oneida, Feb. 15-17; Campbellsville College, Campbellsville, Feb. 22-24; Georgetown College, Georgetown, March 1-3; Bethel College, Hopkinsville, March 8-10; and Cumberland College, Williamsburg, March 15-17.

Girls' Auxiliary is a missionary organization for girls, 9 through 15. It has chapters in Baptist churches.

In charge of the house parties will be Miss Mary Pat Kent, Louisville, youth secretary for the Kentucky Baptist Woman's Missionary Union.

"The primary purpose of the house parties," Miss Kent said, "is to enlarge the girls' minds to God's world-wide purpose and their place in that purpose."

Southern Baptist foreign missionaries who are on furlough, Kentucky Baptist pastors, and Woman's Missionary Union leaders will speak and lead conferences at the house parties.

Girls' Auxiliary is the largest denominational organization for teenage girls in the world, with 12,000 enrolled in Kentucky. Activities include forward steps, camps, mission study programs, community missions, weeks of prayer for mission, and stewardship education plans.

### Call Saves Life

ACTRESS Hazel (Sunny) Boyne gives comedian Bob Hope a kiss for indirectly saving her life. Hope had his production assistant call the actress for an appearance on one of his shows. The phone rang for a long time before Miss Boyne answered. When she finally did, she said: "You saved my life." The actress said that a faulty heater had filled her home with gas and had killed two parakeets when the ringing telephone woke her up.

### Reduction Of Polio Said Due To Vaccine

The number of Kentuckians contracting poliomyelitis has been reduced since the use of Salk vaccine throughout 1955 and 1956, despite the fact that too few persons here are being protected with the full series of vaccinations, according to figures reported to the Kentucky State Department of Health by the 120 county health departments.

The reduction of paralytic polio is attributed by the National Foundation for Infantile Paralysis to Salk vaccine, as the incidence of paralytic polio in 1956 was unchecked in those who received no vaccine, but was drastically cut in those who did. So far this year no case of paralytic polio has been reported in Kentucky in a person who received the full series of three properly-spaced injections. Salk vaccine is most effective in preventing the paralysis that so often accompanies poliomyelitis — it does not necessarily

prevent the disease itself.

Comparative statistics show that for the five-year period, 1951-55, an average of 26.1 Kentuckians out of every 100,000 contracted polio each year. In 1956 alone, however, Kentucky's annual rate of polio incidence was 15.2. For 1956, through November 24, Kentucky's polio cases numbered 182 or an annual rate of 6.6 cases per 100,000 population. These attack rates are based on the first 47 weeks of each year, 1951-55, so that they may be compared with available figures for 1956.

The polio attack rate has also

decreased for the Nation as a whole during the past two years, according to a release from the NFIP. The national figures do not show the marked decrease that Kentucky's do, however. For the five-year period, 1951-55, an average of 24 persons out of every 100,000 population was stricken with polio each year in the United States. However, for 1956 alone, the national attack rate had dropped to 10. These national attack rates have been figured on a 52-week basis, using an estimated total of 16,000 cases of polio in the United States this year.

## The Use Of Hospitals Is Up Three-Fold In Last 20 Years

The Health Information Foundation reports that 21,072,521 Americans were admitted to hospitals in 1955. The total was 7,496,000 in 1935.

"The phenomenal increase has greatly affected all of the nation's medical care facilities," the Foundation says.

Six out of every 100 Americans were hospitalized in 1935. In 1955, the average was up to 13 out of every 100 persons. The future promises further increases.

**Just Ahead of Need**—The construction of new hospitals and additions to existing facilities has increased the number of beds available, although these additions have barely kept pace with population increases, the Foundation says.

"Moreover, a decreasing length of stay resulting from medical advances, new drugs and medications and improved procedures have enabled hospitals to render service to many more people showing at the same time that the problem of providing adequate hospital facilities does not depend alone on the number of hospitals or hospital beds."

**Operate General Hospitals**—Voluntary, religious and local government hospitals provide facilities for general hospital care needed for relatively short-term illness, surgery, maternity and emergency treatment.

"The most striking change of the last 10 years is the great increase of nearly 60 per cent in the number of personnel employed to maintain the quality and scope of today's hospital care," the Health Information Foundation says.

"An average of 95 persons is now employed for the care of every 100 patients in all types of hospitals, as compared with 50 in 1935."

than were employed as recently as 10 years ago.

"For short-term, general hospitals the figure rises to 203 employees for every 100 patients in bed, an increase of 37 per cent over the 1946 figure of 148 employees per 100 patients."

**Wages Up 107 Per Cent**—Simultaneously, the average wages of full-time personnel in American hospitals increased 107 per cent, from \$1,329 in 1946 to \$2,754 in 1955.

"In 1946 an average hospital employee earned 47 per cent less a year than an average worker in manufacturing industries. By 1955, hospital personnel still had earnings 37 per cent below those of industrial workers."

In 1955 the 6,956 hospitals in the United States reported assets totaling 12 billion dollars, according to the American Hospital Association. There were 1,604,408 beds available and about 3,300,700 persons were employed by these institutions, representing \$3.6 billion in payroll costs out of total expenses of \$5.6 billion.

**In Different Categories**—Here is data about the various categories of hospitals:

Short-term general and special hospitals numbered 5,594 and accounted for 97 per cent of new patient admissions, employed 74 per cent of all hospital personnel and incurred expenses of 74 billion or 72 per cent of the total for all hospitals.

Psychiatric hospitals represented only 8 per cent of the total number of hospitals but maintained 48 per cent of the nation's hospital beds. Admissions constituted less than 2 per cent of admissions to all hospitals, but incurred \$1.1 billion, 20 per cent of the total of all hospital expenditures, and employed 18 per cent of all hospital personnel.

Tuberculosis hospitals accounted for only 5 per cent of the nation's total hospital facilities and 5 per cent of the total number of beds, admitted less than 1 per cent of all new hospital patients in 1955, incurred expenses of \$259 million and employed more than 4 per cent of the nation's total hospital personnel.

Long-term general and special hospitals constituted 6 per cent of the total hospitals in the nation, maintained 5 per cent of all hospital beds, incurred 3 per cent of the total expenses of all hospitals, employed about 4 per cent of all hospital employees and newly admitted patients constituted fewer than 1 per cent of the admissions to all hospitals during 1955.

Individuals made to your own windows. Choose from many decorator-inspired colors and a wide variety of tapes. Exclusive one-piece bottom rail and snap-on tape clamps make your venetian blinds so easy, so simple to clean. Easily removable, flexible metal slats.

## TVA News Letter

TVA has under development a new one-step process for making granular triple superphosphate, a product which is becoming increasingly popular with farmers because it is easier to drill or apply than the powdery non-granular superphosphate, and less of it is lost through wind action.

TVA said the granular product is made in the TVA-developed ammoniator-granulator pilot plant which acts in this case as an acidulating drum.

According to Charles H. Young, manager of chemical engineering for TVA, the shot-size, or granular material does not take in bags. Generally in the industry, granular superphosphate is made by producing a non-granular material, allowing it to cure for several weeks, and then granulating it. This method involves additional cost, however, because it requires extra handling of the material and involves a drying step.

"TVA investigators found in pilot-plant work that when phosphate rock and phosphoric acid—raw materials for triple superphosphate—are mixed in a rotating drum, the rolling action of the drum forms the material into pellets or granules," Mr. Young said. "The product is dry enough to go directly to storage where it remains for about a week to allow completion of the reactions."

"Some advantages of the process are low equipment costs, no drying requirement, and a product that can be ammoniated and mixed like non-granular superphosphate. The process should prove useful not only to basic producers of superphosphate but also to the many manufacturers of mixed fertilizers who have the ammoniator-granulator in their plants. The fertilizer manufacturer can make his own superphosphate and then use the same equipment for producing his mixed fertilizer."

Mr. Young added that studies are under way for adapting the process to the production of normal and enriched superphosphates.

Part-time farming has increased more rapidly in the South than it has in the Nation as a whole, George V. Douglas and

Dr. Arthur B. Mackie, of TVA's Agricultural Relations Division staff told a recent meeting of the Association of Southern Agricultural workers at Birmingham. Two out of every three of the Nation's part-time farmers live in the South, they said.

"Recently, part-time farming and industrialization have increased together in this region," their paper stated. "While industrialization has helped to increase total family incomes of

part-time farmers in the South, both farm and industry incomes still remain relatively low.

"In order to further increase the benefits from the association of industry and agriculture in the South, continued investigations are needed to find methods for speeding up the expansion of industry and increasing the efficiency of agriculture, including part-time farms. The South's hope of gaining equality with the rest of the Nation lies in improving returns to labor in

both agriculture and industry."

Dr. R. J. Becker, TVA Agricultural economist, reported to the Association on the major land-use adjustments made in the Belfast Mills, Va., community development project of 1937-42. There the Virginia Agricultural Extension Service and TVA were the principal agencies involved in organizing an area test-demonstration community in Russell County. A main feature was an intense fertilizer and liming program, combined with other im-

proved practices.

"Even though the program ended within 5 years, 12 years later crop yields were still doubled, forest lands had increased by a twelfth, high-quality pasture by nearly a-third, and livestock numbers by 58 per cent over original 1937 figures," Dr. Becker said. "The farmers in the area were using 2.7 times more machinery, and a pasture needed per animal unit was cut by three-eighths. Churches and schools were improved."

What Would You Do If

An Axe Slipped and Cut Your Foot?

Control bleeding by direct pressure over the wound with padding of sterile or clean cloth. Elevate the leg. Get medical help. Sharpen the axe before it is used again and don't use your foot to support the log you are chopping. Learn how to detect hazards, prevent accidents, and give emergency care by joining a Red Cross first aid class.

Ernie Kovacs At Crossroad In Career

By WILLIAM EWALD  
United Press Staff Correspondent

NEW YORK — Ernie Kovacs has reached a crossroads. Within the past year, he has hit solidly as a TV comic. But he wants now to move himself and his career out of camera range.

"I want to get behind the camera and NBC seems to want me to do it," said Kovacs. "They're pitching a producer-writer contract at me and the only thing holding it up, I guess, is that I've asked for a little too much money."

"Another thing is, they want to add actor to the terms of the contract. But I've reached a point now where I really don't want to perform too much."

Kovacs, a veteran funnyman who has labored in comparative obscurity inside TV-guilds, bumped off with a recent Sylvia Award for the comedy show he turned out on NBC last summer. Last month, he reaped heavy critical applause for a special 30-minute comedy show on the same network.

"That Sylvia thing was a complete shocker," confessed Ernie. "I thought they had made a mistake. I had three different people call up for me to make sure. And the night show was really gratifying—we got letters from all over the country on that one."

"But you know, stardom in this business is a kind of ephemeral thing. It's so intangible."

"Another thing is that my biggest effort on all my shows goes into the writing. That, and the detail work. By the time you get the costumes set and the shots and the action, along with the sets, the sound and the lighting, you're kind of lost when it comes to your own place in the show."

"The very last thing you want to do is go on and do the show. It seems like the least important thing."

Kovacs, who last week steadily on the old "Tonight" show, currently filling his time by writing "I started writing a novel last Thursday," he said, "and a publisher is pretty interested in it already. There's also a chance I may do a Kraft Theatre."

Everything is really quite nebulous now. I'm not even sure whether I'm on the NBC payroll," he laughed happily. "I think I'm on salary until June. At least I hope so."

One thing I'm sure of about the future. I'll never take over any show again with a low budget. I've had too much of that in the past. You know, the kind of thing where you worry whether you can pay the window washer's salary by selling six pairs of dancing slippers you used on a previous show."

4-H News

On February 20, the Junior 4-H Club met in the sixth grade room. We had twenty boys and eighteen girls present. The president, Edward Paschall, called the meeting to order. The pledge was given, and the minutes read. The meeting was turned over to Mr. Vaughn and he introduced Mrs. Wyatt, who gave a demonstration on how to use a sewing machine. After Mrs. Wyatt's demonstration, a song was sung by the group and the meeting was dismissed.

Ruth Roberts, Reporter

Film Shop

By RON BUTON  
United Press Staff Correspondent

HOLLYWOOD — Vera Miles had never done any ordinary dancing when she began work in "Beau James," but she does the specialty dances of a Broadway star in the film about New York's late mayor, Jimmy Walker.

Miss Miles had never even gone to a high school dance. The Oklahoma-born depression baby simply couldn't afford the luxury of a dance because she supported herself as she went to school. "After we left Oklahoma and went to live in a small Kansas town, our family budget always seemed to be in a state of emergency," she said. "Beans were the main part of the diet."

When I was 14 I left home and went to Wichita. The YMCA gave me room and board and \$5 a week to wait on tables every morning before school. To earn extra money I worked as a telegraph clerk and messenger girl at Western Union. That's because they thought I was 17 instead of 14."

The green-eyed, maple-blond actress said this meant working in the morning waiting on tables, going to school until three in the afternoon and then working at Western Union from four until midnight.

And the Least

"You can see why it would have been difficult to go to high school. I worked on that four-year schedule," she said.

The Walker story she plays the role of Betty Compton, Broadway musical star of the 1920's. Plenty of work went into making a non-dancer into a professional stage dancer. Paramount's choreographer took her in hand and was delighted with her progress. "Well, she's got beauty and a sense of humor and an analytical mind," choreographer Jack Baker said. "But most of all she's got the courage and persistence that all great stars have to have. Maybe that's the stuff she did to put herself through school with terrific training."

"Wait till you see her dancing in the movie—she's a real pro." Paramount had another pleasant shock after discovering that she could learn to dance so well. Apparently some one had overlooked the fact that Miss Miles was Miss Kansas of 1948 and placed third in the Miss America contest that year.

KIRKSEY 4-H News

The Kirksey Senior 4-H Club met on Wednesday February 6 at 10:15.

The meeting was called to order by Annette Palmer, president.

Toni Burchett gave the devotion. The pledges to the flag were led by Carolyn Palmer. Anita Brandon called the roll and read the minutes of the last meeting. Forty-one were present.

Mr. Vaughn discussed the 4-H signs again to the members. The committee has found a place to put up a 4-H sign. There wasn't any old business. During the new business, Mr. Vaughn told the boys about "Tractor Maintenance." Mrs. Wraether discussed 4-H Rally Day with the girls. She told them what they could give demonstrations on.

The meeting was adjourned by the vice president.
